

NECA CORPORATE MENTORING PROGRAM

STRATEGIC ASSESSMENT QUESTIONNAIRE

The purpose of this Strategic Assessment Questionnaire is to assist us in matching the qualities and experience of Mentors to the needs of Protégé companies. **Our goal is to enhance the value and success of the mentoring process for both Mentor and Protégé participants.**

The requested information supplements the basic data contained in the Protégé Registration form. **Note that not all of these questions may be answerable at this time and may in fact be topics for future discussion with a Mentor.**

You have the option of either downloading and completing the questionnaire and returning it by email or requesting an interview with me as Mentoring Program Consultant to go through the questions. In either case, you are welcome to contact me if you need additional information.
