Module 3

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?
3. Was there anything you added or modified that worked particularly well?
4. What did you identify that might improve the online presentation or learning group session?

Module 4

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 5

1. How did participants respond to the online presentation?

2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 6

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?
3. Was there anything you added or modified that worked particularly well?
4. What did you identify that might improve the online presentation or learning group session?

Module 7

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 8

1. How did participants respond to the online presentation?

2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 9

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?
3. Was there anything you added or modified that worked particularly well?
4. What did you identify that might improve the online presentation or learning group session?

Module 10

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 11

1. How did participants respond to the online presentation?

2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 12

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?
3. Was there anything you added or modified that worked particularly well?
4. What did you identify that might improve the online presentation or learning group session?

Module 13

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 14

1. How did participants respond to the online presentation?

2. What topics were of particular interest to participants in the learning group discussions?

3. Was there anything you added or modified that worked particularly well?

4. What did you identify that might improve the online presentation or learning group session?

Module 15

1. How did participants respond to the online presentation?
2. What topics were of particular interest to participants in the learning group discussions?
3. Was there anything you added or modified that worked particularly well?
4. What did you identify that might improve the online presentation or learning group session?
