

Getting to Laguna Beach:

If you're planning to fly to Laguna Beach for the 50th Annual Meeting, there are two primary airports you might consider: The John Wayne Airport (**SNA**) in Orange County and the Los Angeles International Airport (**LAX**). John Wayne is closer and simpler than LAX. Here are the stats: The Montage is about 15 miles and 25 minutes from SNA; while LAX is about 55 miles and 60-90 minutes depending upon the time of day.

If you don't need a rental car, **SNA** is a better option with less expensive local transportation to/from the Montage.

Of course, all carriers fly to LAX (as far as I know), but you might be surprised at the numerous options to **SNA**. Here's a **list of carriers to John Wayne** (with originations of **non-stop** flights):
