Dear Chairmen and Ranking Members:

The undersigned business groups strongly support H.R. 216, the Main Street Tax Certainty Act of 2019, which would make permanent the Section 199A 20 percent qualified business income deduction.

Led by Representatives Jason Smith (MO) and Henry Cuellar (TX) in the House and Senator Steve Daines (MT) in the Senate, this bipartisan legislation will help ensure permanent tax relief for the millions of employers organized as S corporations, partnerships and sole proprietorships.

These Main Street employers are the backbone of the American economy — they employ the majority of U.S. workers and represent 95 percent of all businesses.

Despite the economic importance of the pass-through sector, the Section 199A deduction is scheduled to sunset at the end of 2025. Repealing this sunset will benefit millions of pass-through businesses, leading to higher economic growth and more employment. Economists Robert Barro and Jason Furman found that making the pass-through deduction permanent would result in a significant increase in economic growth. The American Action Forum found similar results.

The sooner Congress acts to make Section 199A permanent, the sooner the economy will benefit. Please show your support for Main Street employers and support this important legislation. We appreciate your consideration.

Sincerely,
