Memorandum

July 12, 2013

TO: All IBEW Local Union Business Managers
All NECA Members, Chapter Managers, and Contractors Signatory to the Voice-Data-Video National Agreement (VDV-NA)

RE: Addendum to the VDV-NA for Cell Site Construction and Demolition

Cell site work opportunities are picking up throughout the United States. Cell phone and data providers are upgrading their cell site systems and the attached Addendum to the VDV-NA (as amended on April 26, 2012) provides the vehicle for VDV-NA signatory contractors the means to perform this work competitively.

Briefly, the Addendum expands the VDV-NA Scope of Work, specifies who performs certain work, modifies the workday, and creates a Climber Technician classification and wage and benefits scale, and allows for unlimited portability.

To be eligible to use this VDV-NA Addendum, an employer must already be signatory to the VDV-NA. NECA employers wishing to become signatory to the VDV-NA may find the guidelines at <http://apps.necanet.org/members/job/labor-relations/?fa=vdv>. Other employers may contact the IBEW Construction and Maintenance Department at 900 Seventh Street, NW-Washington, DC 20001.

Sincerely,

John M. Grau
CEO, NECA

Fraternally,

Edwin D. Hill
International President, IBEW
